Challenge-4_Timestamps_and_Extract

1. During which months did payments occur? Format the answer to return the full month name, only return the unique months.

```
1  SELECT DISTINCT(TO_CHAR(payment_date, 'month'))
2  FROM payment;
3
```

Data Output   Messages   Notifications

| | to_char<br>text |
|---|---|
| 1 | may |
| 2 | march |
| 3 | february |
| 4 | april |

2. How many payments occurred on a Monday?

```
1  SELECT COUNT(TO_CHAR(payment_date, 'DAY'))
2  FROM payment
3  WHERE TO_CHAR(payment_date, 'DAY') = 'MONDAY    ';
4
```

Data Output   Messages   Notifications

| | count<br>bigint |
|---|---|
| 1 | 2948 |
